

HI I'M KAMMI!

I'm 10 years old and I love to draw and
paint, dance and sing to my
favorite music, and make new friends.
People tell me that my energy makes
them smile!

✦ HEALTHY LEARNERS

I LOVE MY FAMILY!

My MOM

She loves me to the moon
and is always there for me.

My UNCLE

Whose military travels take him
to so many cool places.

My OLDER BROTHER

Who passed away in a car accident.
I miss him so much.

I ALSO LOVE **NURSE CASEY!**

I met her at school in 2nd grade. She was
the first person to tell me there was a
way for me to see better! She told me I
had 20/400 vision. She also
loved my drawings!

HEALTHY LEARNERS

WHAT IS 20/400?

Nurse Casey explained to me that I can see an object 20 feet away with the same clarity that a person with regular vision sees at 400 feet away - more than a football field. *yIKES!!!*

My MOM IS

A SUPERHERO!

But with everything going on
in my family, she had a hard time
getting me to the eye doctor.

**We missed our scheduled appointments
twice in a row.**

THAT'S WHEN I MET HEALTHY LEARNERS!

My mom and I talked with Nurse Casey
and she introduced us to her friend, Kim.
She got me to the eye doctor in no time.

She also ordered my new glasses &
brought them to my school. I felt like I
gained superhero vision.

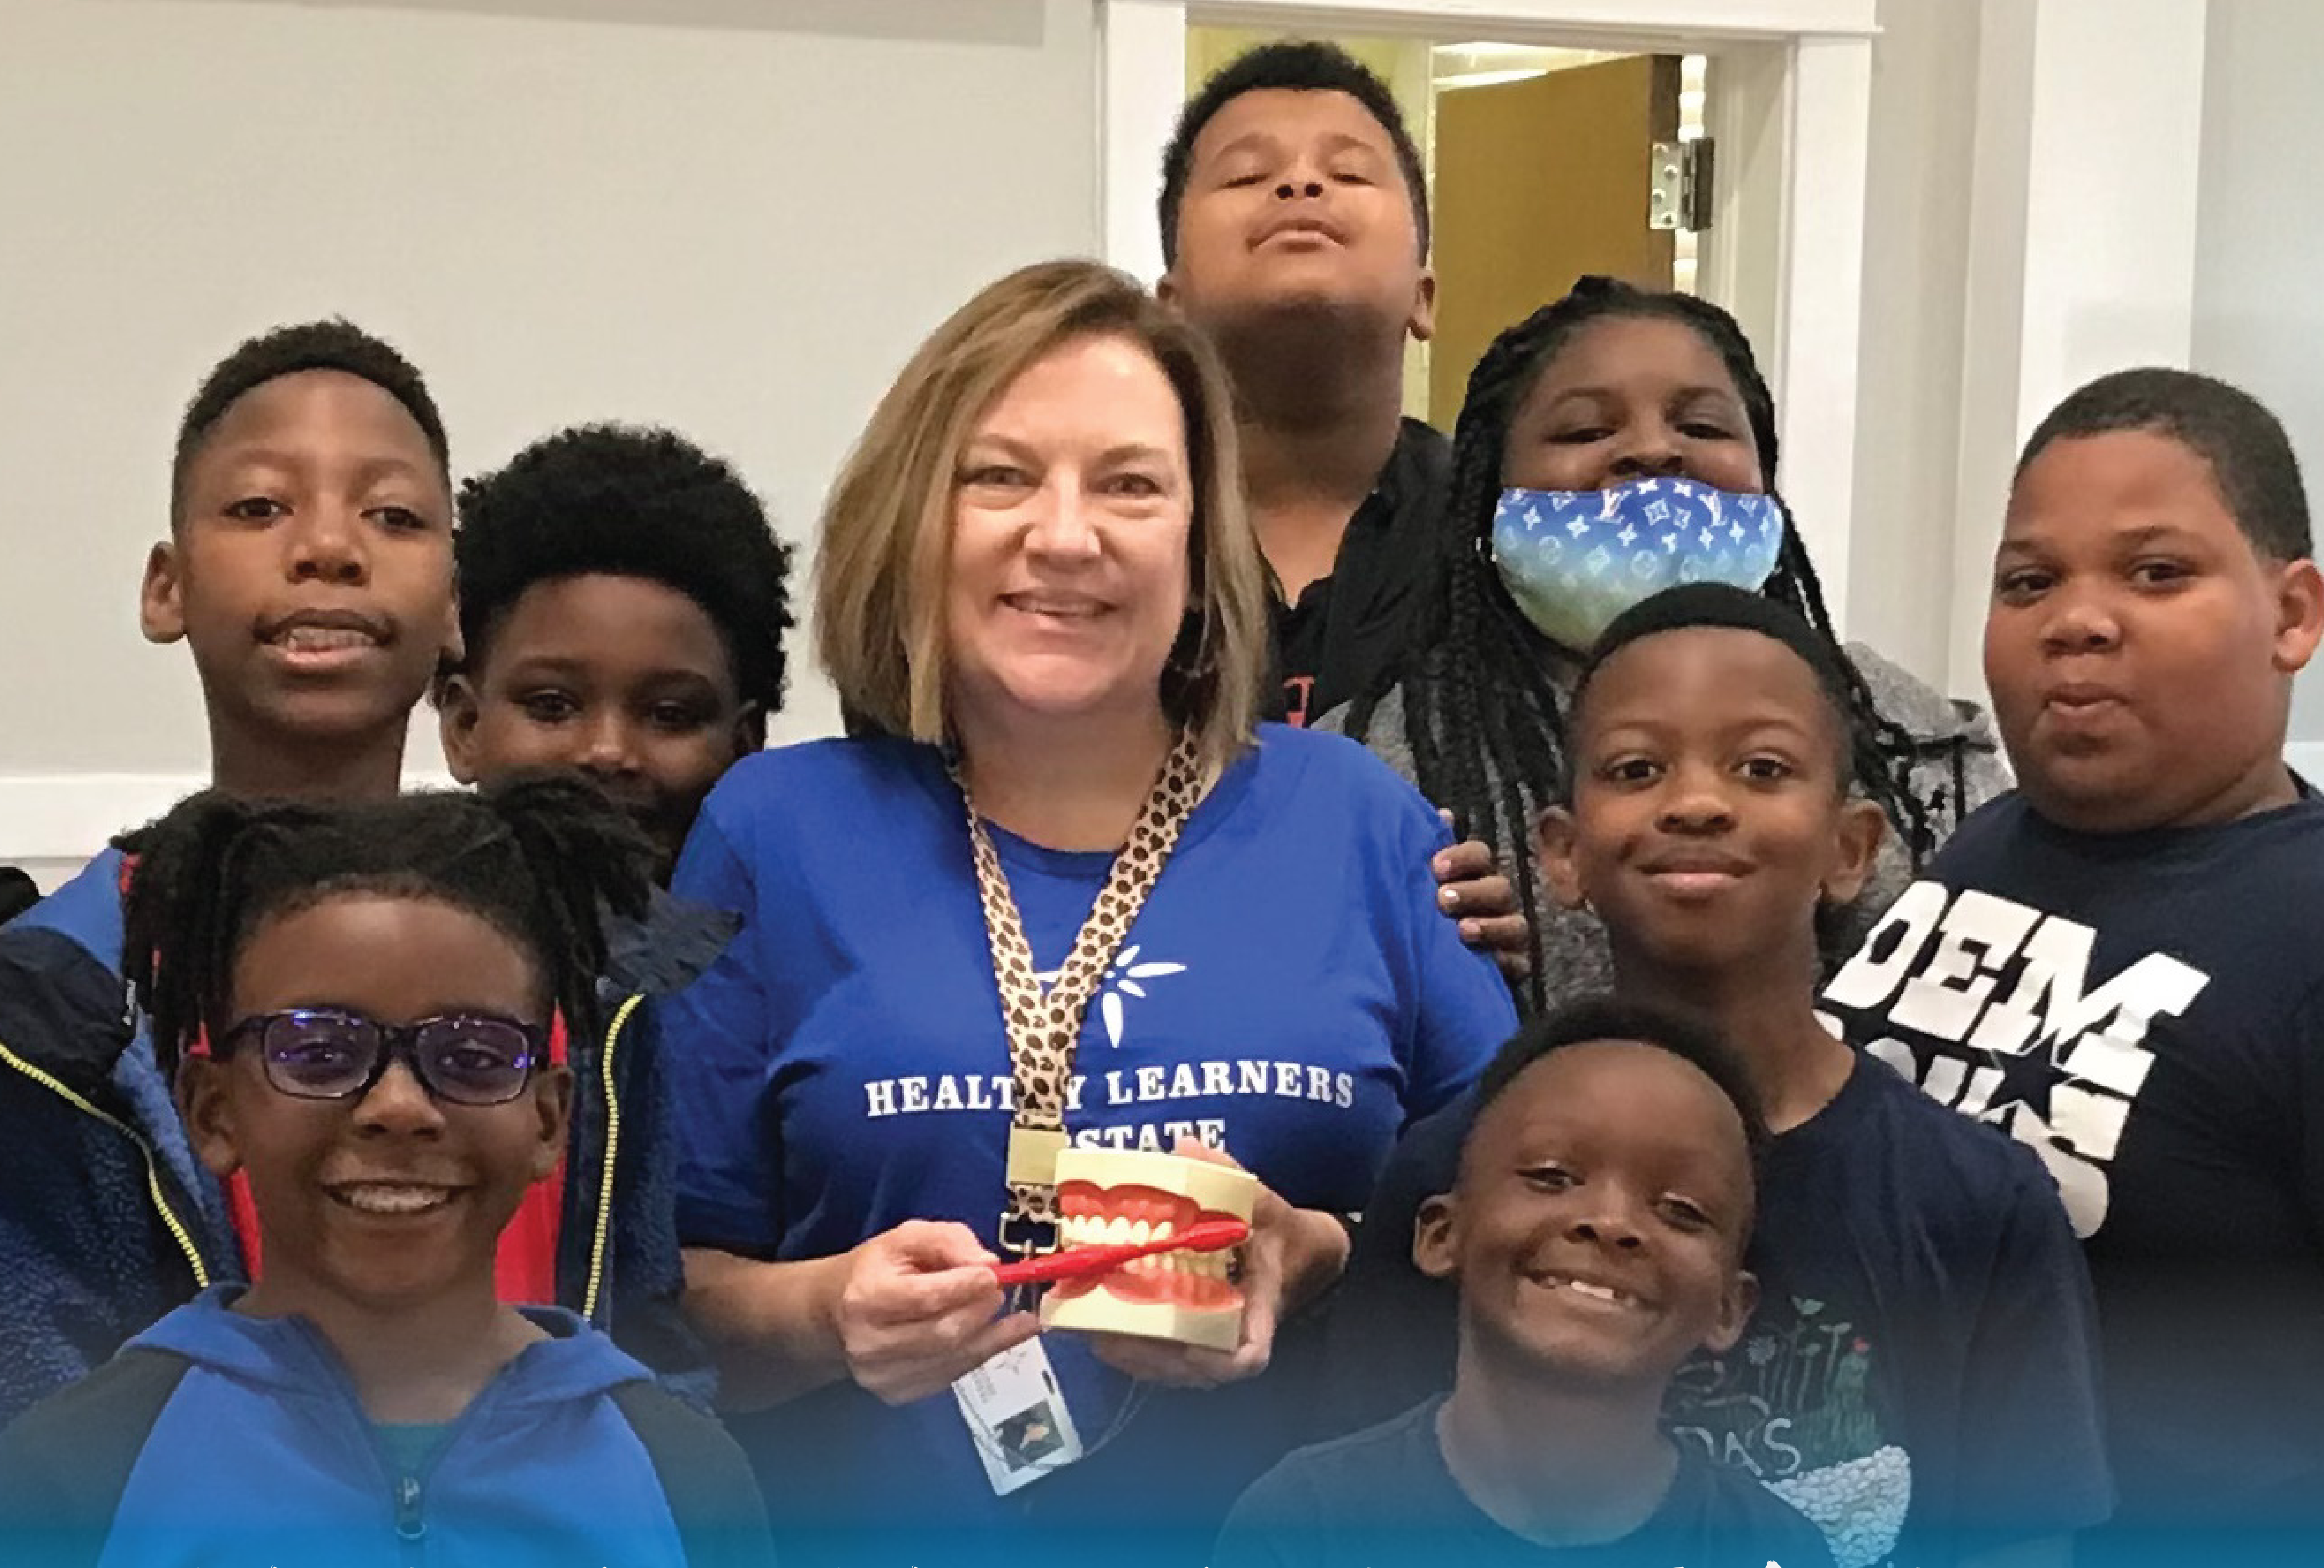

✦ HEALTHY LEARNERS

After 3 years and many miles,
appointments & replacements glasses
later, I can see great and love going to
school. When I grow up I want to be a
professional artist. I want to make
beautiful things that make others feel joy.

Even when my dog eats my glasses,
I know that Healthy Learners will always
be there for me, cheering me on to help
make my dreams a reality.
